## Town and Country Rural Supplies is a finalist in North East Region, Nutrien Independent Business of the Year!

All businesses were ranked based on sales growth, on their proprietary Sales, on payment account, uptake of business initiatives and business presentation. We are thrilled to be a finalist and look forward to the awards evening at National Conference on the Gold Coast in November. Congratulations to all our staff and a huge thank you to our loyal customers.

## Welcome Joshua Noonan

Town and Country Rural Supplies is excited to welcome to the team, Joshua Noonan.

Josh joined TCRS after completing his schooling at Kelso High. Completing year 12, his studies included in primary industries. Josh has a keen interest in the agricultural sector. Josh is hardworking and dedicated to offering the best outcomes possible. Josh volunteers for the Bathurst Rail Museum, Bathurst AH & P and Bathurst Regional Council special events. With a keen eye for photography, Josh loves to capture artistic images of trains, particularly container transport. Next time you visit the store be sure to say hi and welcome josh.

## Tussock Spray, Availability Uncertainty

Town and Country Rural Supplies have been advised by our supplier that there is still a large amount of uncertainty around when Tussock Spray will be available, due to international issues. We have a list of clients who are waiting for notification and we will advise as soon as possible when it will become available. If you would like to be on our notification list please call our office on 6332 4044.

## Buying and selling livestock online?

KNOW YOUR RESPONSIBILITIES

Buying new stock can introduce unwanted pests, disease and weeds

### Selling?

- Got a Property Identification Code (PIC)?
- Are the sheep, goats, cattle or pigs identified with an NLIS ear tag? Or branded (pigs >25kg only)?
- Have a National Vendor Declaration (NVD) or Transported Stock Statement (TSS)?

Winners will be chosen on November 15<sup>th</sup> 2022. Winners announced and contacted by November 21<sup>st</sup> 2022. View Terms & Conditions\*

## Spartan SC Sheep Blowfly Treatment

Spartan SC Sheep Blowfly Treatment protects longwool sheep for up to 14 weeks from flystrike by blowfly (*Lucilia Cuprina*), including organophosphate resistant strains when applied by jetting or dipping. Spartan Spray may be applied to all breeds of sheep, providing protection against flystrike. Spartan Spray is applied as a low-volume treatment onto or near areas where protection is required. When applying, the nozzle of the applicator gun should be approximately 25cm above the fleece, to achieve a 15cm wide band at each pass.
